INTERNATIONAL YOUTH DAY 2021

August 12 of every year is celebrated as the International Youth Day to raise awareness about the cultural and legal issues surrounding the youth. The day was designated as International Youth Day by the United Nations in the year 1999 after the General Assembly endorsed the recommendation by the 'World Conference of Ministers Responsible for Youth'. Subsequently, it is being celebrated every year to highlight the importance of youth people as the driving force of change in the world. International Youth Day is celebrated annually to bring youth issues to the attention of the international community and celebrate the potential of youth as partners in today's global society. The Day gives an opportunity to celebrate and mainstream young peoples' voices, actions and initiatives, as well as their meaningful, universal and equitable engagement. It's an initiative that honours the traits of young people and that acknowledges the challenges that today's fledging youth face.

THEME OF INTERNATIONAL YOUTH DAY 2021: Transforming Food Systems: Youth Innovation for Human and Planetary Health. As the Covid 19 pandemic has affected the whole nation, we are not supposed to have direct meeting or programmes. However, we had conducted some programmes through online medium. We made posters to spread awareness about youth day. Also, we had conducted interdepartmental quiz competition. We had made videos about International Youth Day to promote awareness amongst the students of our college.

The programme was successful as it marked the participation of most of the students. The young generation simply needs to renew, refresh and maintain the current status of the society. When the youth contributes his ideas and energy to resolve the social laws, he becomes a capable leader and can also make a difference in the lives of others.
