### **Report 2021-2022**

‘Career Guidance Cell’ in our institution provides various opportunities to our students to identify their skills and interests and create awareness about importance of their further higher studies, job opportunities etc. The cell conducted workshops and training programmes on career orientation, higher study options, self-employment, and entrepreneurship management to make the students aware of educational and career choices

#### **1. Entrepreneurship Talk Series**

Entrepreneurs today are more than just revenue builders. They offer employment, better prospects and a new way of living to the younger generation. India too, is a witness to Entrepreneurial Development, as the young minds have more courage and are willing to take risks. They are huge contributors to the economy today. Universities play a crucial role in underpinning innovation and entrepreneurial activities. They provide the conditions, facilities and talent that foster the emergence of breakthrough ideas. There are also strong pedagogical reasons for teaching entrepreneurship, as it engages students with real-world problems, develops critical thinking, and broadens their life skills. Entrepreneurship is simply the best way to improve your way of working and way of living. There are never-ending contributions and

Benefits of entrepreneurship to our students. The education of entrepreneurship forces them to start their work career before the completion of their degrees. On 27/05/2021 at 2.00 pm, Entrepreneurship Development Club and Department of Commerce of Sree Narayana College, Chengannur organized a one day webinar Titled ‘Journey of a successful entrepreneur’. The webinar was handled by Mr. Midhun Kalyodan, a successful entrepreneur and business partner of QI group of companies. 43 students participated in the webinar and benefited from the program. The Program was started with the welcome speech of Dr. Nishad A, Assistant Professor, Department of Commerce then the session carried out for one hour by Mr. Midhun Kalyodan and finally the Vote of thanks by Ms. Thushara U.S, HOD and Assistant Professor, Department of Commerce.

**Theme Note**  
Research is a systematic investigation into and study of materials and sources in order to establish facts and to reach at new conclusions. While considering the different stages of research, identifying the research problem forms the foremost and essential stage in it. The authenticity and relevance of the research problem in the contemporary situations will enlarge the quality of research and is helpful for the policy makers in framing suitable policies for the welfare of the society.

#### **1. Preparation of Biodata and open Interview**

The talk was held on 10/12/2019 at the College Auditorium at 10:00am. The talk was attended by students and faculty members. The talk began with a welcome address by Dr. Sasikala. V, who introduced the speaker, B. Ajaykumar, who is a Human Resources (HR) professional with over 15 years of experience.

Ajaykumar began his talk by explaining the importance of a biodata in the job application process. He said that a biodata is a document that summarizes your personal and professional information. It is used by employers to assess your suitability for a job.

Ajaykumar then discussed the dos and don'ts of writing a biodata. He said that it is important to be clear and concise, and to highlight your skills and experience. He also advised against using jargon or clichés.

Ajaykumar then gave a brief overview of the open interview process. He said that an open interview is a type of interview where the applicant is interviewed by a panel of people. He advised the audience to be prepared to answer questions about their skills, experience, and why they are interested in the job. The talk concluded with a vote of thanks by Dr. Anju K.S., who is a faculty member in the Department of Chemistry. She thanked the speaker for his

informative talk, and she encouraged the audience to use the information they had learned to prepare for their job applications.

The webinar began with a welcome address by Dr. Venu.S, who is the HOD of Dept. of Chemistry. He introduced the speaker, Dr. K.C. Mathew, who is a career consultant with over 20 years of experience.

Mathew began his talk by discussing the impact of the COVID-19 crisis on the job market. He said that the crisis has led to a number of challenges for job seekers, such as increased competition, remote work, and the need for upskilling.

Mathew then discussed a number of strategies for accelerating your career during and after the COVID crisis. These strategies included:

- Upskilling and reskilling: In order to stay competitive in the job market, it is important to keep your skills up-to-date. This may involve taking online courses, attending workshops, or getting a certification.

- **Networking:** Building relationships with people in your field can help you get your foot in the door and find new opportunities. Attend industry events, join online forums, and connect with people on LinkedIn.
- **Personal branding:** Creating a strong personal brand can help you stand out from the competition. This includes developing a clear message about your skills and expertise, and creating a professional online presence.
- **Active job search:** Don't wait for opportunities to come to you. Be proactive in your job search by networking, applying for jobs, and following up with employers.

The webinar concluded with a vote of thanks by Dr. Remadevi. B, who is a faculty member in the Department of Chemistry. She thanked the speaker for his informative talk, and she encouraged the audience to use the information they had learned to accelerate their careers.

### **1. “Success At Interview”**

The talk on “Success at Interview” was held on 19/11/2018 at the College Auditorium. The speaker was Ajjayy Kumar. B, a seasoned interviewer with over 10 years of experience. The talk was well-attended by students and professionals from various industries. Ajjayy Kumar began the talk by discussing the importance of preparation for an interview. He stressed the need to practice answering common interview questions.

He also talked about the importance of dressing appropriately, being on time, and making a good first impression. Ajjayy Kumar also shared some tips on how to handle difficult interview questions.

The talk was informative and engaging, and the audience learned a lot about how to succeed at an interview. Dr. Reshmi R., Coordinator, Career Guidance cell, welcomed the audience to the talk. She expressed her gratitude to Ajjayy Kumar for sharing his valuable insights on how to succeed at an interview. Dr. Reshmi also spoke about the importance of interviews and how they can be a daunting experience for many people. She encouraged the audience to take advantage of the opportunity to learn from Ajjayy Kumar's experience

Amrutha Sasidaran, Assistant Professor of Dept. of Physics, gave the vote of thanks. She thanked Ajjayy Kumar for his insightful talk and Dr. Reshmi for organizing the event.

The talk was a success and the audience learned a lot about how to succeed at an interview.
