**LANGUAGE AND COMMUNICATION SKILLS (05-6-2022)**

The Department of English has been a part of the college since its inception in 1981 under the Sree Narayana Trusts, Kollam. Highly qualified English teachers have been handling English classes since then and the department has been reaching out to students of all mains including BA Economics, B.Sc. Mathematics, BSc Physics BSc Chemistry, and BCom. The department has been making conscious efforts to improve the English language skills of the students of this college who come from different levels of socio-economic backgrounds. With the emergence of English as a global lingua franca, English language skills have become vital for the current generation of students. As a large number of students from rural areas are seen to be weak in English language skills, teachers of the department have been conducting remedial classes for them. Even in the absence of B.A. English Language and Literature course, the Department of English continues to play a vital role of imparting the knowledge of English to students of this college. The Department of English strives to equip the students by providing English language skills activities for improving their language skills. To achieve this goal the department conducts various programmes and classes online/offline to improve their four language skills for the past five years.

**Providing practice materials and activities**

Practice is essential to build vocabulary and develop your English communication skills. These activities help to accelerate English speaking, listening, reading, and writing skills. Teachers expose the students to tremendous practice materials available free online practice tests and offline study materials and physical classes

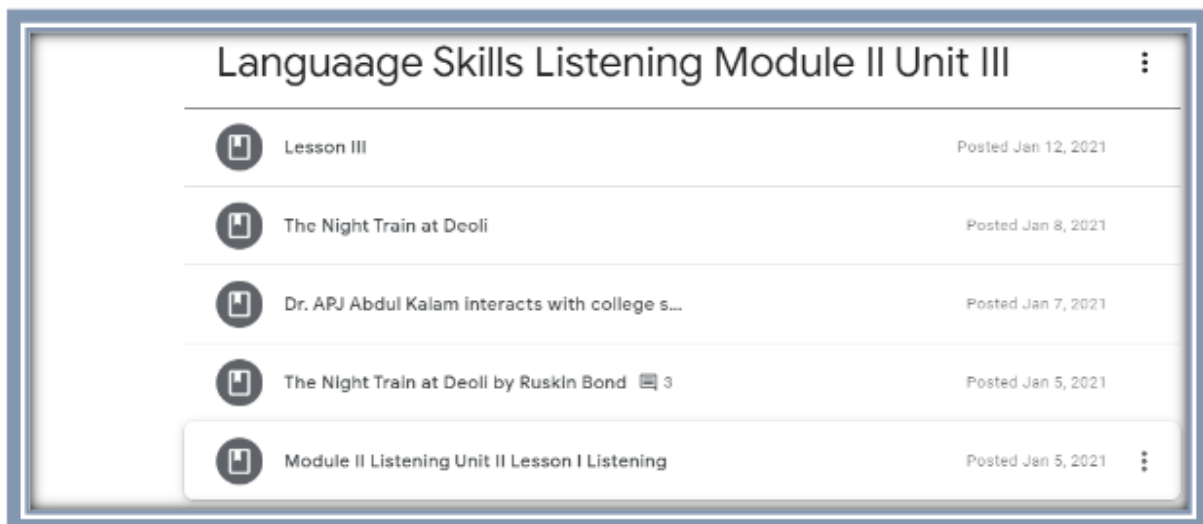

**Activities**

Various fun activities like word games, jokes, riddles, rhymes, songs, and tongue twisters give the students to learn the English language easily. Students are exposed to YouTube videos, guiding students to attend webinars of international universities like Oxford, Cambridge, etc. These activities prepare the students to be more updated and engaged in language skill activities

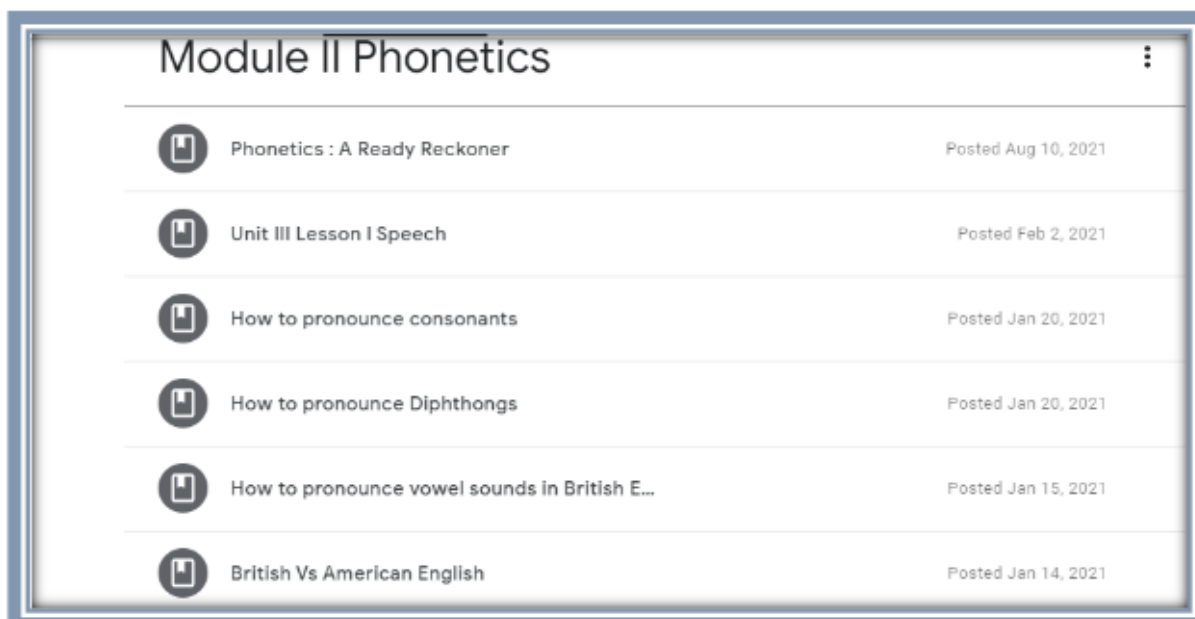

**Sample Screen picture of the certificate**

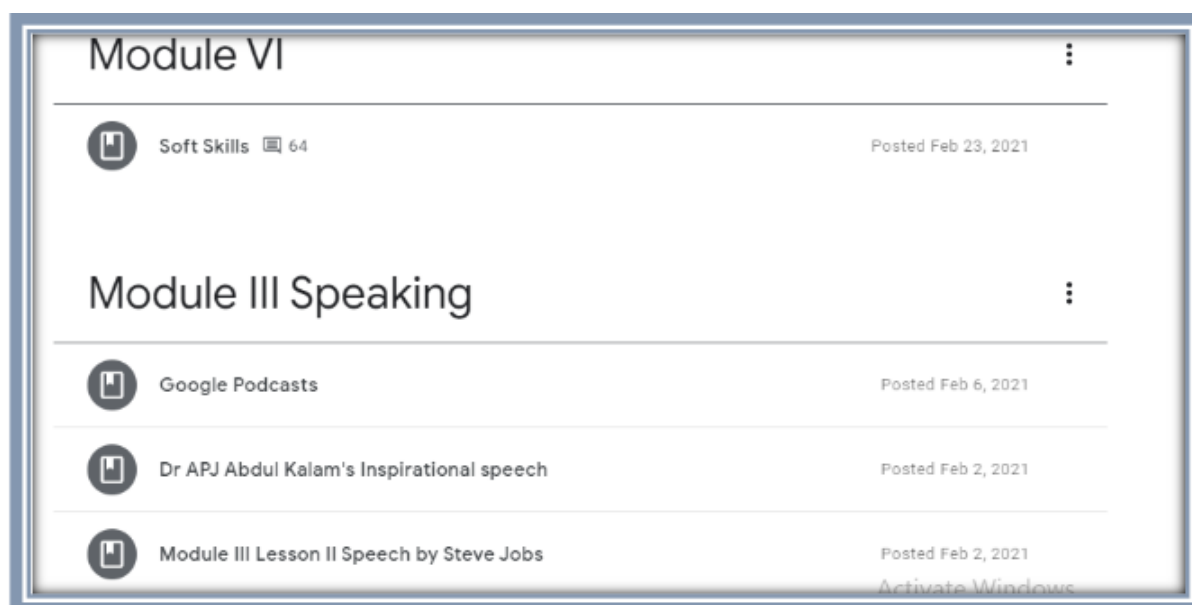

**Google Classroom was created for the ease of study and delivery of study materials.**

## **Reading Skills**

Reading skills are abilities that pertain to a person's capacity to read, comprehend, interpret and decode written language and texts. Exceptional reading skills can be highly beneficial to assimilating and responding to written communications like emails, messages, letters and other written messages. Faculties teach theories of reading and give them activities to achieve their goals in reading skills

### VEGETABLE CARVING 3/08/2019

The Vegetable Carving class was organized to introduce NSS volunteers to the art of vegetable carving, promoting creativity, and enhancing their culinary skills. Dr. Sheela S Fernandez, a retired professor, S N College Chengannur, graciously volunteered as the resource person for this session. The session commenced with an introduction to the art of vegetable carving by Dr. Sheela S Fernandez. She highlighted the cultural significance of vegetable carving in various cuisines and its role in elevating the presentation of dishes. Dr. Sheela S Fernandez provided a comprehensive overview of various vegetable carving techniques, including basic carving, intricate designs, and decorative garnishes. Volunteers were introduced to essential tools and their usage in carving. Dr. Fernandez conducted live demonstrations of carving techniques, showcasing how simple vegetables like carrots, and cucumbers can be transformed into intricate designs such as flowers, animals, and decorative motifs. Following the demonstration, volunteers were provided with carving tools and vegetables to practice the techniques they had learned. At the end of the session, volunteers presented their carved creations. Dr. Sheela S Fernandez provided feedback and appreciation for their efforts.
