Report 2021-2022

‘Career Guidance Cell’ in our institution provides various opportunities to our students to identify their skills and interests and create awareness about importance of their further higher studies, job opportunities etc. The cell conducted workshops and training programmes on career orientation, higher study options, self-employment, and entrepreneurship management to make the students aware of educational and career choices

1. Entrepreneurship Talk Series

Entrepreneurs today are more than just revenue builders. They offer employment, better prospects and a new way of living to the younger generation. India too, is a witness to Entrepreneurial Development, as the young minds have more courage and are willing to take risks. They are huge contributors to the economy today. Universities play a crucial role in underpinning innovation and entrepreneurial activities. They provide the conditions, facilities and talent that foster the emergence of breakthrough ideas. There are also strong pedagogical reasons for teaching entrepreneurship, as it engages students with real-world problems, develops critical thinking, and broadens their life skills. Entrepreneurship is simply the best way to improve your way of working and way of living. There are never-ending contributions and

Benefits of entrepreneurship to our students. The education of entrepreneurship forces them to start their work career before the completion of their degrees. On 27/05/2021 at 2.00 pm, Entrepreneurship Development Club and Department of Commerce of Sree Narayana College, Chengannur organized a one day webinar Titled ‘Journey of a successful entrepreneur’. Theme Note
Research is a systematic investigation into and study of materials and sources in order to establish facts and to reach at new conclusions. While considering the different stages of research, identifying the research problem forms the foremost and essential stage in it. The authenticity and relevance of the research problem in the contemporary situations will enlarge the quality of research and is helpful for the policy makers in framing suitable policies for the welfare of the society.

1. Preparation of Biodata and open Interview

The talk was held on 10/12/2019 at the College Auditorium at 10:00am. The talk was attended by students and faculty members. The talk began with a welcome address by Dr. Sasikala. V, who introduced the speaker, B. Ajaykumar, who is a Human Resources (HR) professional with over 15 years of experience.

Ajaykumar began his talk by explaining the importance of a biodata in the job application process. He said that a biodata is a document that summarizes your personal and professional information. It is used by employers to assess your suitability for a job.

Ajaykumar then discussed the dos and don'ts of writing a biodata. He said that it is important to be clear and concise, and to highlight your skills and experience. He also advised against using jargon or clichés.

Ajaykumar then gave a brief overview of the open interview process. He said that an open interview is a type of interview where the applicant is interviewed by a panel of people. He advised the audience to be prepared to answer questions about their skills, experience, and why they are interested in the job. The talk concluded with a vote of thanks by Dr. Anju K.S., who is a faculty member in the Department of Chemistry. She thanked the speaker for his informative talk, and she encouraged the audience to use the information they had learned to prepare for their job applications.

2. How to Accelerate your career during and after the covid crisis

The webinar began with a welcome address by Dr. Venu.S, who is the HOD of Dept. of Chemistry. He introduced the speaker, Dr. K.C. Mathew, who is a career consultant with over 20 years of experience.

Mathew began his talk by discussing the impact of the COVID-19 crisis on the job market. He said that the crisis has led to a number of challenges for job seekers, such as increased competition, remote work, and the need for upskilling.

Mathew then discussed a number of strategies for accelerating your career during and after the COVID crisis. These strategies included:

- **Upskilling and reskilling:** In order to stay competitive in the job market, it is important to keep your skills up-to-date. This may involve taking online courses, attending workshops, or getting a certification.
- **Networking:** Building relationships with people in your field can help you get your foot in the door and find new opportunities. Attend industry events, join online forums, and connect with people on LinkedIn.
- **Personal branding:** Creating a strong personal brand can help you stand out from the competition. This includes developing a clear message about your skills and expertise, and creating a professional online presence.
- **Active job search:** Don't wait for opportunities to come to you. Be proactive in your job search by networking, applying for jobs, and following up with employers.

The webinar concluded with a vote of thanks by Dr. Remadevi. B, who is a faculty member in the Department of Chemistry. She thanked the speaker for his informative talk, and she encouraged the audience to use the information they had learned to accelerate their careers.

3. CV Building and Article review

The webinar began with a welcome address by Dr. Smitha Sasidharan who introduced the speaker, M. Prem. C. Pillai, who is a professor of English and a career consultant. Pillai began his talk by discussing the importance of a CV in the job application process. He said that a CV is a document that summarizes

your academic and professional achievements. It is used by employers to assess your suitability for a job.

Mr.Pillai then discussed the dos and don'ts of writing a CV. He said that it is important to be clear and concise, and to highlight your skills and experience. He also advised against using jargon or clichés.

Pillai then gave a brief overview of the article review process. He said that an article review is a document that summarizes and evaluates an academic article. He advised the audience to be familiar with the different types of article reviews, and to be able to identify the strengths and weaknesses of an article.

The webinar concluded with a vote of thanks by Dr. Jisha Sreedharan, Asst. Prof, Dept. of Chemistry She thanked the speaker for his informative talk, and she encouraged the audience to use the information they had learned to improve their CVs and article reviews.

4. Career Counselling Programme

The webinar began with a welcome address by Reshmi.R, Coordinator. She introduced the speaker, Alex T Mathew, who is a career consultant with over 20 years of experience.

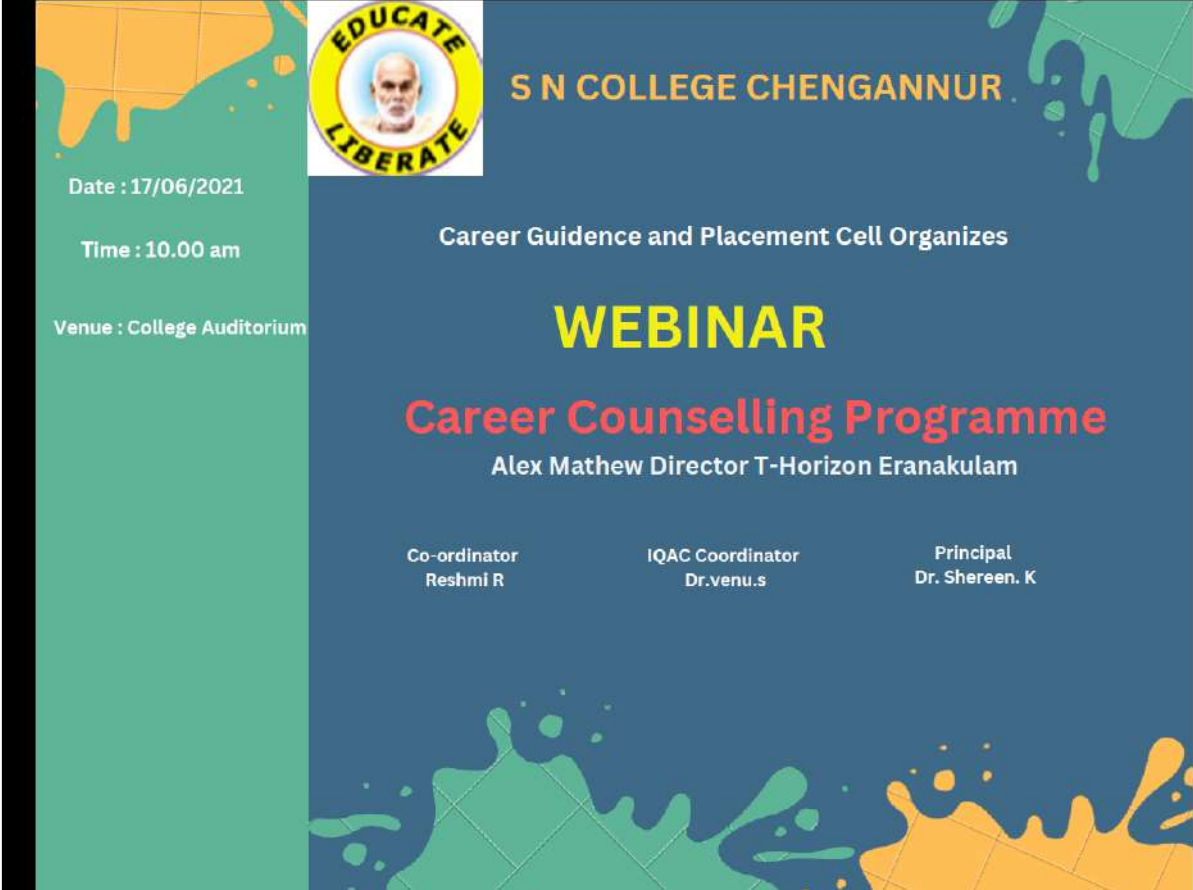

Mathew began his talk by discussing the importance of career counselling. He said that career counselling can help you to:

- Clarify your career goals.
- Develop your career plan.
- Identify your strengths and weaknesses.
- Overcome obstacles in your career.
- Navigate the job market.

Mathew then discussed the different aspects of career counselling, such as:

- Individual counselling: This is one-on-one counselling with a career counsellor.
- Group counselling: This is counselling with a group of people who are facing similar career challenges.
- Workshops: These are workshops that provide information and skills on specific career topics.
- Online resources: There are a number of online resources that can provide career counselling.

The webinar concluded with a vote of thanks by Smt. Soumya, Ass. Prof, Dept. of Commerce. She thanked the speaker for his informative talk, and she encouraged the audience to use the information they had learned to make informed career decisions.
