## **Environment and Sustainability**

Environmental sustainability is the ability to maintain an ecological balance in our planet's natural environment and conserve natural resources to support the wellbeing of current and future generations. Various clubs like Bhoomithra sena club, National service scheme, Campus beautification club etc, organize and observes national and international days and conducts informative seminars, awareness classes inside and outside the campus to inculcate the sense of Environment and sustainability

### **JUNE 5, 2022**

The NSS and Bhoomithrasena Club members of Sree Narayana College, Chengannur attended an online lecture organized by 'Sastra Foundations'. The programme was inaugurated by Padmashri Kalyan Singh Rawat (Educationalist, Social Activist, Founder – Maiti Andolan) followed by Environment & Sustainable Development Mission Launching. Shri. Sridhar Radhakrishnan (Engineer & Researcher, Environment and Climate Concerns) delivered a distinguished Lecture on the topic "Only One Earth". The programme further focused on the Sustainable Menstrual practice Challenge & Declaration and it benefitted the women participants. And tremendous positive responses poured in

## **JUNE 6, 2022**

**World Environment Day** The NSS and Bhoomithrasena Club members of Sree Narayana College, Chengannur jointly celebrated World Environment Day by planting saplings of fruit trees in the college campus. Our Principal Smt. Shereen K inaugurated the programme by planting a sapling. The staff and the students actively participated in the programme

## **FEBRUARY 2, 2023– WORLD WETLANDS DAY**

Every year, on 2<sup>nd</sup> of February, we celebrate World Wetlands Day (WWD) to raise global awareness about the high importance of wetlands for people and our planet. WWD is also an

occasion to commemorate the signing of the Ramsar Convention on Wetlands in the Iranian city of Ramsar in 1971.

**The World Wetlands Day 2023 theme is “It’s time for Wetland Restoration”.** The theme aims to highlight the importance of actions that ensure that wetlands are conserved and sustainably used. The WWD 2023 focus is **on taking action for wetlands.**

The Bhoomithra Sena Club of Sree Narayana College, Chengannur celebrated World Wetlands Day by organizing a **“Short Video Contest” (Topic: One Minute to Wetlands)** and **Wetland Photo Contest (Theme: Wetland Restoration)** for the students.

## **MARCH 22, 2023 – WORLD WATER DAY**

The World Water Day is a global United Nations observance day celebrated every year on the 22<sup>nd</sup> of March to raise awareness about the value of fresh water and a call for the wise use of freshwater resources.

This year 2023, the World Water Day theme is “Accelerating Change” to accelerate the change required to solve the water and sanitation crises. The theme signifies the importance of appropriately using water in humans’ daily needs. To commemorate the World Water Day, an Extempore Speech Competition for UG and PG Students was organized by the Bhoomithrasena Club and NSS Units of S N College, Chengannur. The Topic for the Extempore Speech Competition was ‘Water, water everywhere and not a drop to drink.’ Aromal K S (III B A Economics) received the first prize, Megha P S (I MSc Chemistry) and Avantika S Sajeev (II BCom) bagged the second and third prize respectively.

## **Environment and Sustainability**

**JUNE 5, 2021**

**WORLD ENVIRONMENT DAY** Covid spread fear in all ages, even when the whole of humanity is fighting back the virus in complete vigour and strength. It was the need to protect the environment, yet midst of the fearful time. The Bhoomithrasena Club of Sree Narayana College, Chengannur took care of the environment with the efforts of all its members. As a part of the ‘World Environment Day’ (June 5) the Bhoomithrasena Club celebrated WED 2021 by conducting “Selfie with Sapling Contest”. The students actively participated in the contest (Online) and observed the day by planting saplings at their homes and made their entries in the given email id with great enthusiasm. Our IQAC coordinator Dr. Venu S encouraged the students by planting the sapling in his yard and posted the photograph. The winners of “Selfie with Sapling Contest” Teema Yohannan (I BA Economics), Aswathy D Chandran (III BSc Chemistry) and Aswani D Chandran (III BSc Mathematics) bagged the first, second and third prize respectively.

## WORLD ENERGY CONSERVATION DAY (14/12/21)

Today December 14<sup>th</sup> is celebrated as World Energy Conservation Day. National Energy Conservation Day is observed on December 14th, every year. The Day focuses on making people aware of global warming and climate change and promotes efforts towards saving energy resources. Our college NSS volunteers celebrate World Energy Conservation Day. Conducted quiz competition involving all college students. Prizes were given to the successful students who participated in the competition

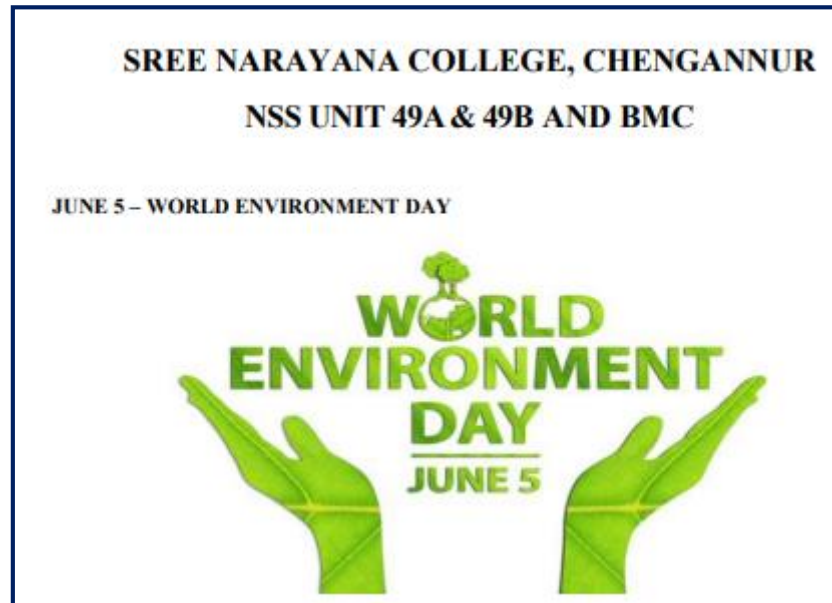

# **Environment and Sustainability (Programs)**

**2020- 2021**

## Environment and Sustainability Programmes

**World Environment Day** is observed on June 5 every year to promote awareness on the importance of preserving our biodiversity, the need to identify problems related to the environment and ways to take corrective action. The volunteers of the NSS units and BMC of Sree Narayana College, Chengannur enthusiastically celebrated the World Environment Day of this year by organizing Harithalayam Project. 5th June itself by planting saplings in and around the College. Morning 10 am Dr.Nisha J Tharayil, Principal of Sree Narayana College, Chengannur, inaugurated the Programme by planting a sapling of the gooseberry plant .Then NSS Programme officer smt. Bindhu V K and other teachers planted other saplings. About 50 saplings had been planted by the NSS units as part of this Project. Then Volunteers clean the Campus. As part of this Project NSS volunteers made a small size soakage pits in the compounds of their homes for water conservation. The pits, each of which had a diameter of 1m each, were filled with coarse rocks, brick ballast and coconut husk. These activities, it was hoped, would help save Mother Earth from total deforestation. The Theme For World Environment Day 2020 is, 'Time For Nature', a Focus on its role in Providing the essential infrastructure that supports life on earth and human development.

It is our responsibility to save our environment and earth and make the possibility of healthy and happy life here

## MARCH 3, 2021

**WORLD WILDLIFE DAY** World Wildlife Day is celebrated on March 3, the date that the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) was adopted in 1973. The goal of World Wildlife Day is to celebrate the many beautiful and varied forms of wild fauna and flora; recall the privileged interactions between wildlife and populations across the globe; and raise awareness of the urgent need to step up the fight against wildlife crime, which has wide ranging economic, environmental and social impacts. World Wildlife Day will be celebrated in 2021 under the theme "Forests and Livelihoods: Sustaining People and Planet", as a way to highlight the central role of forests, forest species and ecosystems services in sustaining the livelihoods of hundreds of millions of people globally, and particularly of Indigenous and local communities with historic ties to forested and forest-adjacent areas. Sree Narayana College, Chengannur celebrated World Wildlife Day by conducting a Poster Making Contest organized by

Bhoomithra Sena Club. The students enthusiastically participated in the contest. The topic for Poster Making Contest was “The incalculable value of Wildlife”. The winners of the contest are Anseena A (First Prize – I BSc Physics) and Savanth S (Second Prize – I BSc Chemistry)

## World Nature Conservation Day -28/7/21

This day is celebrated to tell people about the importance of natural resources in the lives of the people. Nature is facing huge problems like deforestation and illegal wildlife trade on the rise. Everyone must promote environment friendly activities in their daily life to lead a green lifestyle. There are so many threats to nature like deforestation, illegal wildlife trade, and pollution, using plastics, chemicals and lot more. But nowadays many countries have woke up and have realized the importance of conserving nature. A healthy environment must be created to safeguard the present and future generation. It is essential for people to understand that the world is one and anything that is done in a part of the globe will affect other parts as well. Earth gives basic necessity to live like water, air, soil, minerals, trees, animals, food to us, so it is required that we keep our nature clean and healthy. As there is no immediate danger, people take nature for granted to exploit for money. On World Nature Conservation Day, let us make a conscious effort to conserve the nature around the world

The NSS volunteers in Sree Narayana College, Chengannur conducted a debate in connection with world nature conservation day. Debate was led by our senior Suhail Sujahi, who is also a member of the NSS family. The students were divided into two groups. The debate was held at the Google Meet

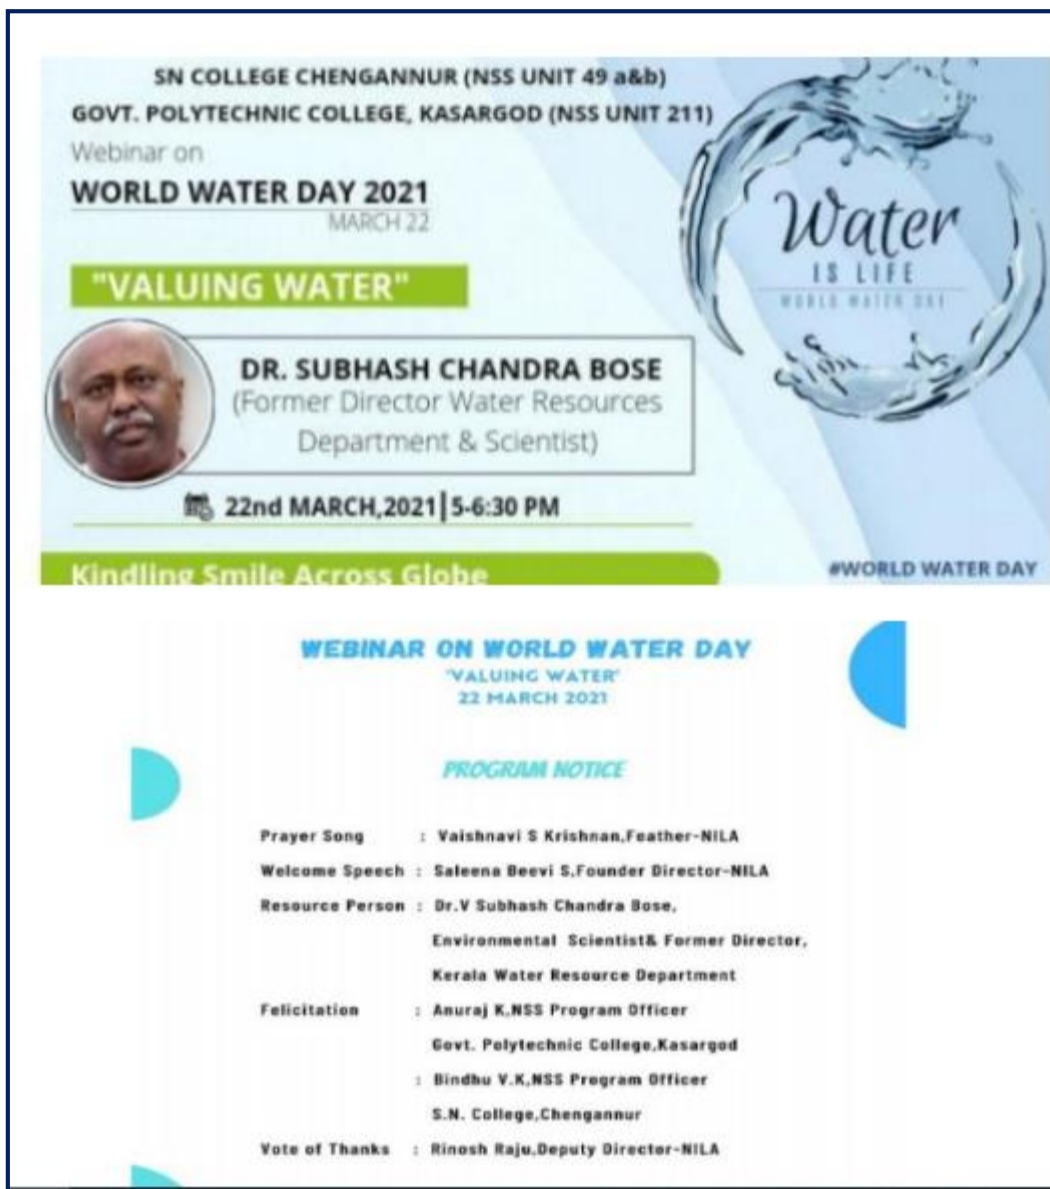

Our program was to remove the idea that a debate is impossible in a Google meet. One person was selected from each of the two groups and given the condition that only that person could express an idea. So the event went very well. Only the unity of all can make an event a success within such limitations

### **“WORLD WATER DAY”: WEBINAR 20/03/2021**

Sree Narayana College Chengannur NSS Unit no.49a&b & GOVT. polytechnic. The webinar was associated with Sree Narayana College Chengannur and Govt. Polytechnic Kasargod. The meeting started with prayer song. A warm welcome speech was delivered by Smt. Saleena Beevi. S, the founder and director of NILA foundation. The class was taken by environmental scientist and former director of Kerala Water Resource Department, Dr. V. Subhash Chandra Boss. He

delivered a beautiful speech about importance of water in everyone's life. The 2/3 part of earth's surface is water. But only 1% of it is pure water. So he explained its importance. He also talked about the water crises. And also the ways to stop water crises. The programme went up to two hours during the last session all the volunteers were given time to share their thoughts almost all the volunteers communicated well. The teacher also took part in the communication session. As the part of the programme all the students were provided E-Certificates. The programme was very encouraging and all the attendees of the session expressed their happiness and turned out the programme to very success

## WORLD WETLAND DAY: WEBINAR 02/02/2021

Sree Narayana College Chengannur NSS Unit no.49a&b organized a webinar in 2nd February 2021. The topic was based on “World Wetland Day”. Our main guest was Sri. Ratheesh Kumar N, Librarian of S.N. College Chengannur. The welcome speech was given by volunteer Avani Krishnan. The program was a great success and 69 students got the chance to attend the webinar. Sir, Ratheesh Kumar spoke very clearly about wetland conservation. He also reminded about the conservation of Varatar Reservoir led by our former NSS Volunteers. The program went up to one hour. During the last session all the volunteers were given time to share their thoughts and almost all the volunteers interacted the session. The program turned out to be a very success

## SEPTEMBER 16 /2021

NSS Unit had decided to conduct programs on the ozone day. The ozone layer is a thin part of the Earth's atmosphere that absorbs almost all of the sun's harmful ultraviolet light. "Ozone holes" are popular names for areas of damage to the ozone. September 16 was designated by the United Nations General Assembly as the International Day for the Preservation of the Ozone Layer. This designation had been made on December 19, 2000, in commemoration of the date, in 1987, on which nations signed the Montreal Protocol on Substances that Deplete the Ozone Layer. In the morning we have conducted a Google meet with all the volunteers sharing the importance of the ozone day. ASHWATHY PUSHPARAJAN took a speech about the importance of the ozone day. And we also conducted an essay competition from. 10. am to 12.pm. The winner is ASHWATHY D CHANDRAN

**MARCH 21, 2019**

**WORLD FORESTRY DAY**

The theme of World Forestry Day Celebrations - 2019 is “Forest and Education” to highlight the importance of all forms of education in promoting sustainable forest management. Learn to love Forest! Build your city forest: create a greener, healthier and happier world. The World Forestry Day - 2019 was observed in Sree Narayana College, Chengannur on March 21st, 2019 with the financial support of Directorate of Environment and Climate Change, Government of Kerala. The programme was organized by the Bhoomithra Sena Club and NSS of the college. The Club designed varieties of competitions based on their topics of interest for those students who are reluctant to participate and thereby instill in them the warmth of confidence to come to the force. The competitions include: Impulsive Essay Writing on the topic “Forest Fire” and nature quiz competition. The students actively participated in impulsive essay writing competition on “Forest Fire”. Suchithra. R (IInd B.Sc. Mathematics), Anakha. R. (IInd B.Sc. Mathematics) and Reshmi. M. Raju (IInd B. Sc. Chemistry) bagged the first, second and third prize respectively. An Interdepartmental “Nature Quiz Competition” was organized in the afternoon at College auditorium. A team of two students from five departments participated in the competition. The winning students and teams were given citations and cash awards of Rs.1500/-, Rs.1,000/-, Rs. 500/- as first, second and third prize respectively

## **MARCH 22, 2019 – WORLD WATER DAY**

World Wetland Day Celebrations 2019 Report World Wetland Day is celebrated across the world on February 2, to commemorate the Ramsar convention on Wetlands held in 1971. This year the day is celebrated based on the focal theme Wetlands and climate change. As part of the

celebrations, Department of Chemistry, Bhoomithra Sena Club and NSS units of Sree Narayana College, Chengannur organized a series of programmes to raise the awareness of students and public on the importance of conservation and sustainable management of wetlands. The programme was sponsored by Kerala State Council for Science, Technology and Environment (KSCSTE). Day 1 1/2/2019 the programme started with registration at 9.00 am at college auditorium, SN College Chengannur. The inaugural function started with invocation by Ms. Surya S, II MSc Chemistry student of our college. Dr. K. Shiny Sreedhar, Principal, presided over the function. Dr. Sheela S Fernandez, Head, Department of Chemistry bid a warm welcome to the students, faculties and guests. Smt K. K. Radhamma, President, Chriyanadu Panchayath of Chengannur inaugurated the celebrations by lighting up the lamp. In her inaugural speech, she stressed the importance of protecting wetland and planting trees to address the water scarcity problem we are facing. She emphasized the need for the sustainable management of wetlands in our locality. Dr. Venu S (IQAC Coordinator) and Smt. Aswathy Raj (Member, Bhoomithra Sena Club) delivered felicitations. Smt Jisha Sreedharan, NSS Programme Officer delivered the vote of thanks. The inaugural function was followed by an invited talk on "Hydrochemistry of Wetland Resources" by Dr. Anoop Krishnan K. He explained the structure of wetland, Chemistry of wetland and how it retains water. He also discussed the challenges facing the wetlands and the way forward to conserve and protect wetlands for the urban communities that rely on it for livelihoods. It was an inspiring talk. The talk was followed by an interactive session. Members shared their views on the possible measures to protect wetland. A debate competition on the topic "Wetlands and Urban Future" was organized in the afternoon as part of the awareness programme. Four teams of two students participated in the competition. Mr. Vinayan S and Mr. Manu Muraleedharan of First BSc Mathematics bagged first prize, Mr. Ambadi Namboothiri U and Mr. Arjun B of First BSc Chemistry secured second prize and Mr. Amrithjith and Mr. Karthik K First B.Com got third prize. Cash prizes of Rs. 1500/-, Rs. 1000/- and Rs. 500/- was given to the winners. Day 2, 2/02/2019 On the second day of the celebration a short film "Punarjjani" was presented. The film gave an awareness among students about the need to preserve our environment and how difficult it is to rejuvenate a river. It was really a thought provoking documentary. Essay competition on the focal theme was organized as part of the awareness programme. About twenty students participated in the competition. Ms Devu D, Third BSc Mathematics bagged first prize, Ms. Athulya Mohanan First BSc Chemistry secured second prize and Ms. Ammu L First BSc

Physics and Mr. Karthik K First B.Com shared third prize. Cash prizes of Rs. 1500/-, Rs. 1000/- and Rs. 500/- was given to the winners. During valedictory function that followed participants shared their feelings and culminated by taking to protect wetland. The conveners expressed their gratitude
