Professor, Dean & HOD  
Dept of Economics, School  
of Economics, Central  
University of Kerala

**Theme Note**  
Research is a systematic investigation into and study of materials and sources in order to establish facts and to reach at new conclusions. While considering the different stages of research, identifying the research problem forms the foremost and essential stage in it. The authenticity and relevance of the research problem in the contemporary situations will enlarge the quality of research and is helpful for the policy makers in framing suitable policies for the welfare of the society.
