

LAVOS 2018

On 19th February the Chemistry Association celebrated a one day Chemistry Festival “LAVOS 2018”. The programme was inaugurated by Prof. M. Padmanabhan, currently the Professor in the Department of Chemistry, School of Arts and Science, Amritapuri Campus and Former Professor and Director, School of Chemical Sciences, Mahatma Gandhi University. He delivered an inspiring talk on the biological applications of Inorganic Chemistry.

The afternoon session was started with a Poster Presentation on the topic-“The Great Mind; Stephen William Hawkings”. This was followed by cultural programmes by students of the chemistry department

Inauguration by Dr M Padmanabhan
