### **POLICIES FOR ENVIRONMENTAL AND ENERGY USAGE**

The Environment and Energy usage policy of Sree Narayana College Chengannur gives importance to the energy usage in a systematic way to minimize its impact on the environment. A green campus is a concept where continuous efforts are taken to establish environmentally sustainable and eco- friendly practices in the campus. In this aspect, Sree Narayana college Chengannur has taken various initiatives such as tree plantation, installation of solar energy panels etc to implement eco-friendly practices in the campus.

Efforts are being made to develop the green initiatives in the campus particularly on water conservation, use of alternative and renewable sources of energy, use of different energy conservation methods, solid waste management, etc. The college also observes days to protect nature and environment like “World Environment Day, “World Earth Day”, “World Water Day” and Gandhi Jayanthi etc. Various activities like cleanliness drives, awareness programs and seminars are organised by various clubs to promote environmental conservation.

#### **Objectives of the green campus program:**

- To protect and preserve natural resources within the campus.
- To realize our responsibilities and commitment to conservation of natural resources.
- To sensitize students and the staff regarding depletion of natural resources due to all kinds of pollution.
- To create awareness about environment protection by organising various programs.
- To incorporate environmental initiatives into policies, plans and programs for social development and outreach activities.
- Effective use of conventional sources of energies for daily power needs, appropriate disposal and handling of different types of wastes etc.
- To constantly improve the effective use of all natural resources like energy, water etc.

- To decrease consumption and the amount of waste produced as well as encourage for recovering and recycling waste where possible.
- To promote sustainable and eco-friendly practices through education and environmentally friendly actions.
- To motivate students and staff to spread awareness in society regarding environmental pollution and promote environmental friendly practices.

### **Major Green Initiatives:**

- Installation of Solar Cell
- Rainwater Harvesting
- Water Recharging
- Micro scale techniques
- E-waste management
- Implementation of ERP software for paperless administration
- Plastic free initiatives
- No vehicle day observance
- Use of LED
- Cleanliness Drive
- Landscaping
- Establishment of Bhoomithrasena club
- Solid/ liquid waste management
- Green, Energy and Environment audits are regularly undertaken
- Restricted entry of automobiles
