

48. Skill Development Programme on Vegetable Carving, 3 August, 2019

A Skill Development programme on Vegetable Carving was conducted by the NSS Units and Women Study Unit of the college. The training includes a lecture and a demonstration class by Associate Professor and Head of Department of Chemistry, SNC Chengannur. Afterwards the Students did their own carvings which were evaluated by the Resource Person. This can be a wonderful value added career option for them in the future and the students were greatly interested in this.
