## **MARCH 3, 2021 – WORLD WILDLIFE DAY**

World Wildlife Day is celebrated on March 3, the date that the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) was adopted in 1973. The goal of World Wildlife Day is to celebrate the many beautiful and varied forms of wild fauna and flora; recall the privileged interactions between wildlife and populations across the globe; and raise awareness of the urgent need to step up the fight against wildlife crime, which has wide ranging economic, environmental and social impacts.

World Wildlife Day will be celebrated in 2021 under the theme "**Forests and Livelihoods: Sustaining People and Planet**", as a way to highlight the central role of forests, forest species and ecosystems services in sustaining the livelihoods of hundreds of millions of people globally, and particularly of Indigenous and local communities with historic ties to forested and forest-adjacent areas.

Sree Narayana College, Chengannur celebrated World Wildlife Day by conducting a **Poster Making Contest** organised by Bhoomithra Sena Club. The students enthusiastically participated in the contest. The topic for **Poster Making Contest** was "*The incalculable value of Wildlife*". The winners of the contest are Anseena A (First Prize – I BSc Physics) and Savanth S (Second Prize – I BSc Chemistry).
